

CS-FSTD(A) (whole Part)

Audit Checklist

94 audit questions across **20** sections.

Easy Access Rules for Aeroplane Flight Simulation Training Devices (CS-FSTD(A)) – Issue 2; CS/AMC per ED Decision 2012/010/R as amended by ED Decision 2018/006/R (NPA 2017-13); EAR published June 2022

HOW TO USE THIS CHECKLIST

Each question has three boxes the auditor fills in during the audit:

1. **Compliance** – the binary headline: Compliant / Non-compliant.
2. **Classification** – where the gap is, four-state grid: Documented / Implemented matrix.
3. **Finding level** – severity: L1 / L2 / O (Level 1 / Level 2 / Observation).

Severity is the auditor's call on the day, against the real finding – no severity is pre-suggested per question.

Licence terms

This audit checklist is licensed for use within the organisation named above by the licensee email named above. Use is permitted by employees and contractors of the named organisation in the course of their work for that organisation, including printing, internal distribution within the organisation, annotation during audits, and incorporation into the organisation's management-system documentation as a working reference.

Not for redistribution. Sharing this document, or any derivative or extract of it, with any party outside the named organisation is a breach of this licence. This includes posting to file-sharing networks, internal wikis or knowledge bases accessible to other organisations, vendor portals, supplier-facing GRC systems, and email forwarding to colleagues at other firms. Quoting individual audit questions in regulator submissions or internal training materials is permitted; reproducing the structured checklist as a whole is not.

Each additional organisation or operating site requires a separate licence. If the named organisation operates under multiple AOC / EASA approval numbers, or if a sister organisation in the same group requires the same checklist, contact licences@avicert.net for a multi-site licence quote. Holding companies licensing for multiple subsidiaries are eligible for group-licence pricing.

Licence transfers. This licence does not transfer with sale, merger, or organisational restructure without written consent. Avicert may, at its discretion, transfer the licence to the successor organisation on request — usually a formality, contact licences@avicert.net.

Q1 IR

IR §CS-FSTD(A).001(a)

Has the operator **identified CS-FSTD(A) as applicable** — as an ATO running an FSTD, or BITD manufacturer at initial qualification?

SOURCE VERBATIM

CS FSTD(A).001 Applicability ED Decision 2012/010/R (a) CS-FSTD(A) as amended applies to approved training organisations operating a flight simulation training device (FSTD) or in the case of BITDs only, manufacturers seeking initial qualification of FSTDs.

- Not Documented and Not Implemented

FINDING LEVEL

L1 L2 O
 L1 = Level 1 · L2 = Level 2 · O = Observation

SUGGESTED EVIDENCE TO REQUEST

- Identification of the organisation type (ATO operating an FSTD; or, BITD only, the BITD manufacturer seeking initial qualification)
- Identification of the device as an aeroplane FSTD (FFS / FTD / FNPT / BITD) within CS-FSTD(A) scope
- The organisation's documented recognition that CS-FSTD(A) (as amended) is the applicable certification specification
- Cross-reference to the §ORA.FSTD.200 application and the qualification basis

ORGANISATION MANUAL REFERENCE:

FINDINGS / NOTES:

Does the operator **apply the same CS-FSTD(A) version at recurrent qualifications as at initial qualification**, unless recategorised?

SOURCE VERBATIM

(b) The version of the CS-FSTD(A) agreed by the competent authority and used for the issue of the initial qualification shall be applicable for future recurrent qualifications of the FSTD, unless recategorised.

SUGGESTED EVIDENCE TO REQUEST

- Record of the CS-FSTD(A) version (issue / amendment) agreed by the competent authority at initial qualification
- Recurrent qualification records demonstrating the same version is applied
- Where the device has been recategorised: evidence of the applicable changed basis
- Cross-reference to CS FSTD(A).300 (qualification basis) and §ORA.FSTD.230 (changes / recategorisation)
