

# CS-FSTD(H) (whole Part)

## Audit Checklist

**75** audit questions across **13** sections.

Easy Access Rules for Helicopter Flight Simulation Training Devices (CS-FSTD(H)) – Issue 2;  
CS/AMC per Decision 2012/011/R as amended by ED Decision 2018/006/R; EAR published June 2022

### HOW TO USE THIS CHECKLIST

Each question has three boxes the auditor fills in during the audit:

1. **Compliance** — the binary headline: Compliant / Non-compliant.
2. **Classification** — where the gap is, four-state grid: Documented / Implemented matrix.
3. **Finding level** — severity: L1 / L2 / O (Level 1 / Level 2 / Observation).

*Severity is the auditor's call on the day, against the real finding — no severity is pre-suggested per question.*

## Licence terms

This audit checklist is licensed for use within the organisation named above by the licensee email named above. Use is permitted by employees and contractors of the named organisation in the course of their work for that organisation, including printing, internal distribution within the organisation, annotation during audits, and incorporation into the organisation's management-system documentation as a working reference.

**Not for redistribution.** Sharing this document, or any derivative or extract of it, with any party outside the named organisation is a breach of this licence. This includes posting to file-sharing networks, internal wikis or knowledge bases accessible to other organisations, vendor portals, supplier-facing GRC systems, and email forwarding to colleagues at other firms. Quoting individual audit questions in regulator submissions or internal training materials is permitted; reproducing the structured checklist as a whole is not.

**Each additional organisation or operating site requires a separate licence.** If the named organisation operates under multiple AOC / EASA approval numbers, or if a sister organisation in the same group requires the same checklist, contact [licences@avicert.net](mailto:licences@avicert.net) for a multi-site licence quote. Holding companies licensing for multiple subsidiaries are eligible for group-licence pricing.

**Licence transfers.** This licence does not transfer with sale, merger, or organisational restructure without written consent. Avicert may, at its discretion, transfer the licence to the successor organisation on request — usually a formality, contact [licences@avicert.net](mailto:licences@avicert.net).
